**PRESS RELEASE**

***JLT Risk Solutions named as one of UK's top ten employers***

London, March 22nd 2002 - JLT Risk Solutions has been named as one of the top ten companies to work for in the UK by The Sunday Times 100 Best Companies To Work For league table, a guide to the best employers in Britain. The league table will be published in a 60-page supplement in The Sunday Times on 24 March 2002 and is the only survey that ranks British companies on the basis of what their employees have to say. Over 21,000 people were surveyed in total to compile the list of the best 100 companies.

JLT Risk Solutions is the only company from the insurance sector to reach the top ten and is the second highest placed financial services company in the league table, after Goldman Sachs & Co.

In particular, JLT Risk Solutions was praised for its employee share scheme, flexible benefit scheme "Choices", offering options such as medical insurance, health screening, financial services and gym discounts, as well as its commitment to staff training, charity work and social events for staff.

Steve McGill, Chief Executive of Jardine Lloyd Thompson Group, commented: "We are delighted that JLT Risk Solutions has been ranked as one of the top ten places to work in the UK, particularly as this achievement depended largely on positive feedback from our employees.

JLT has always recognised that our people are our most important asset and we are proud of our commitment to hiring and retaining the most talented staff across the Group. JLT has grown significantly in recent years to become a £1.2bn company. Our achievements are entirely due to the calibre of our staff and we will continue to ensure that great results are matched with great rewards and a great place to work. This supports our aim of being the employer of choice in all our business areas."
